

Appl. No.: 10/781,555
Amdt. Dated: 9 September 2004
Response to Missing Parts of 12 May 2004

Remarks

The instant Preliminary Amendment cancels pending claims 1 through 53 and substitutes therefore new claims 54 through 87. The new claims are being filed for reasons unrelated to patentability, as no rejections of any kind have been made regarding claims 1-53. The new claims are believed to be supported by the specification, figures, and originally filed claims such that no new matter has been added. New claims 54 through 87 correspond to claims 84 – 114 and 134 – 136, which were withdrawn from prosecution in the parent case in response to a restriction requirement.

An early Office Action on the merits is respectfully requested.

Respectfully submitted,

Edward L. Pencoske
